Drought is here.
Take action today to start saving water at your apartment complex.

SAVE WATER INDOORS:
- Install ultra-high efficient toilets – Rebates available!
- Educate residents on water saving practices
- Insulate hot water pipes so water gets hot faster and is not wasted
- Install low flow showerheads and faucet aerators – Request them for FREE!
- Check for leaks – Learn more!

SAVE WATER OUTDOORS:
- Use a broom instead of a hose to wash off patios, sidewalks, and other hardscapes
- Remove lawn and install water-efficient plants – Rebates available!
- Use a cover or liquid barrier on pools and spas to limit evaporation

ACWD REBATES AND PROGRAMS to help you and your apartment complex be water-efficient:
- Ultra-high efficiency toilet rebates – property owners only
- FREE water conservation devices
- Water-efficient landscape (turf conversion) rebates
- Weather-based “smart” irrigation controller rebates

Program Highlight for Residents:
- Income-qualified multi-family residents can sign up for a FREE water and energy efficiency upgrade program sponsored by ACWD and PG&E by calling 800-597-2835

TIPS TO SHARE WITH RESIDENTS:
- Capture the water from your shower while it warms up and use it to flush your toilet
- Wash your car at a commercial car wash that recycles water
- Wash full loads of dishes and laundry
